

## FAASafety Team Flight Instructor Open Forum

Some of the deadliest accidents involving airplanes have occurred not in the air, but on the runway. So, how do you teach airport surface safety? Are you using the best practices recommended by the FAA and industry experts? Do you demonstrate the common errors? Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Allentown Tower, Air Traffic Controllers John Herber and Shannon Shuey will be joining us to discuss local issues including English proficiency! Please register on-line as seating is limited.

**Directions:** Go to second floor of Hangar 7, to classroom 3 of Lehigh Carbon Community College.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
